

Name _____

Wind and Senses - Student Worksheet

In Science we use our senses to test for change. Which senses can we use for wind?

				
YES/NO	YES/NO	YES/NO	YES/NO	YES/NO

What happens if a wet finger is blown on by the wind (or by a student!)

How do you know which way the wind is blowing from?

Flag

No wind

Strong wind

Draw what happens to the flag if the wind stops blowing and what happens if the wind blows very hard (a strong wind).
