

Name _____

Movement - Student Worksheet

A: The parachute jumper said that it felt like the Earth was flying up to meet him when he jumped from the plane.

B: The racing car driver said that the countryside was speeding past the window of the car when he drove along the road.

Name _____

Movement - Student Worksheet

C: Joey spent all day at the beach and watched the Sun move across the sky until it was time to go home.

D: A boy and his cat went fishing on a summer day as the spinning Earth made the Sun appear to move in the sky. Of course, the Sun actually stayed still while the Earth moved round.
